

This is a test PDF document

Created for testing the PDF RAG system

It contains sample text about blockchain technology

Blockchain is a distributed ledger technology
that enables secure and transparent transactions
without the need for intermediaries.

Bitcoin is the first and most well-known application of blockchain technology. It was introduced in 2008 by an anonymous person or group known as Satoshi Nakamoto.

Ethereum is another popular blockchain platform that introduced smart contracts, which are self-executing contracts with the terms directly written into code.
